

# AVAILABLE THROUGH ARNOVA

## The 3rd Issue in the ARNOVA Occasional Paper Series

### Research on Social Entrepreneurship

The third volume in ARNOVA's Occasional Paper Series—**Research on Social Entrepreneurship: Understanding and Contributing to an Emerging Field**—is available through ARNOVA. The volume sheds light on the most promising new approaches to researching social entrepreneurship, from both academics and practitioners, and covers the following topics: developing an evidence-based definition of and theoretical framework for social entrepreneurship research; the extent of institutionalization of the social enterprise field; methods for assessing the impact of social entrepreneurs' work; a comparison of social entrepreneurship in the United States and abroad; and a case study on a specific social enterprise. The volume concludes with recommendations for several promising areas of social entrepreneurship research. Publication of this book was made possible through a grant from The UPS Foundation. ARNOVA member Rachel Mosher-Williams, a project director at the Nonprofit Sector and Philanthropy Program at The Aspen Institute, edited this volume of papers by leading scholars.

### 2nd Volume Also Available

The second book published in the Series is *Emerging Areas of Volunteering*, edited by ARNOVA member Jeffrey Brudney. It is available through ARNOVA and can be ordered using the order form below.
