

## 2023 Call for Nominations for ARNOVA Board of Directors

ARNOVA's Nominations Committee is now accepting nominations for candidates for the 2023 Election of Board Members and Officers. We seek a diverse set of voices and perspectives in these roles. We urge members to recommend those who they think would serve the Association particularly well. **Please submit your recommendations, for yourself or another, by May 1, 2023.**

### Board Members and Officers

ARNOVA's Nominating Committee solicits and welcomes recommendations and volunteers for service as at-large members on the Board of Directors and as Officers. The election period will begin in mid-June, with service to begin in November 2023 at the Annual Meeting. This year we seek to fill the following positions:

- President-elect
- Treasurer
- One at-large member

The nominating committee receives the nominations from ARNOVA members and makes recommendations to the ARNOVA Board on which persons to include in the ballot. ARNOVA gives preference to nominees with previous service to ARNOVA and/or the field more broadly. Past service prepares potential Board members for their governance role and orients them to the substantial time commitment involved in board service.

The slate of nominees should represent the diversity of ARNOVA's current and prospective members with attention given to: racial and ethnic diversity and inclusion of black, indigenous and members of color, LGBTQIA+ perspectives, disciplinary training and current areas of research, geographical location, home institution, stage of career, and professional position in the field (e.g., practitioner, scholar). Ensuring the board members and officers represent a diverse cross section of the Association's members helps ensure that the Association is responsive to the diversity of interests and needs of its membership and continues the effort to center equity in our work. The person recommended or volunteering must be a member of ARNOVA in good standing. We accept self-nominations as well as nominations of individuals that members think would serve in this role well. Please complete the information requested via the link below to assist the board in its final determination of the final slate.
